Opis produktu

Check option [L] for VBOX Video HD2, Video VBOX Pro

Check option [M] for Video VBOX Lite

Check option [H] for Video VBOX Waterproof

Requires a Video VBOX to operate.

Plastic case with billet aluminium faceplate. Bright OLED screen - the perfect addition to any Video VBOX setup allowing you to view lap times as you drive. The bright 'organic LED display' is sunlight readable, and all of the displayed units are configurable.

Predictive lap timing - based on GPS position rather than distance - allows for instant, constant timing feedback during the lap.

Full features include:

- Conventional lap times
- Predictive lap times
- Split times
- Speed
- Video VBOX scene selection

The OLED has an internal accelerometer that flips the screen in accordance with the way it is mounted, and can invert screen colours or display the font as a high contrast outline to match lighting conditions.
