Numer katalogowy	mt_41968
Kod producenta	RL-RLVBV DLCAT
Kod EAN	5903713121060
Producent	Racelogic

Opis produktu

The Caterham Kit is similar to the Video VBOX Lite Kit but includes roll cage mounts and a Caterham specific power supply .

Video VBOX Lite is a one box solution, incorporating a solid state video recorder, a VBOX 10Hz GPS data-logger and a real time graphic overlay. This combination allows users to carry out detailed driver training and vehicle analysis without the expense and specialised knowledge involved in professional level data-loggers.

Based on the high end Video VBOX, Video VBOX Lite is a more affordable version of what Video VBOX users have called the ultimate track video system. Housed in a rugged plastic box, with a smaller footprint than the VideoVBOX Pro, Video VBOX Lite shares many of the same features as the top of the range product.

Contents:

- Video VBOX Lite 10Hz GPS data logger and video recorder, incorporating graphical overlay engine and the ability to log 4 CAN parameters (CAN interface cable purchased separately)
- 1 x 580L Sony HQ1 CCD bullet camera
- 1 x 420L Sony 1/3in CCD bullet camera
- **2 x Camera ring clamp mount**
- **2 x Camera Roll cage mount**
- 2 x mono microphones
- Microphone splitter cable
- Magnetic GPS antenna
- **Caterham specific power cable**
- 4GB SD card (Manual and software included on supplied SD card)

Option (please choose)

- OLED Display with Predictive Lap Timing
Plastic case with billet aluminium faceplate. Bright OLED screen - the perfect addition to any Video VBOX setup allowing you to view lap times as you drive. The OLED Display now ships with Racelogic's new Predictive lap timing feature.
